Remove the camshaft timing gear and loop the chain over the camshaft gear.
Thu, 26 Apr 2018 11:59:00 GMT
Timing Chain Installation - COMP Cams - Performance ... - Remove the timing chain cover. Unbolt the timing chain cover from the engine block. Note that the bolts are different lengths so have a system in place to remember which bolt goes where when you put the cover back on. One good method is to put them back into their proper holes in the timing chain cover and set it off to the side.
